RE: HB 5520 - An Act Concerning the Conveyance of Certain Parcels of State Land

Dear Chair Senator Slossberg and Co-Chair Representative Spallone,

The Town of Marlborough supports the passage of HB 5520. In Section 7 of HB 5520, the Town Marlborough is seeking conveyance of 0.46 acres (just under a ½ acre) of land from the Connecticut Department of Transportation that the State acquired in 1962 for the realignment of Route 66 during the construction of Route 2.

The Town owns the abutting parcel, which is 0.5 acres ( ½ acre) of land that fronts State road, Route 66. The existing State parcel lies directly to the south of the Town's parcel and abuts a local street and a residential property. The Town seeks conveyance of this parcel in order to create a neighborhood pocket park and possibly, to locate a small neighborhood sized pump station for public sewer and /or water service that would straddle these two parcels.

The Town thanks the Government Administration and Elections Committee support for HB 5520.

Sincerely,

Bill Black – First Selectman
